Cover design Basic

€50,- excluding 6% VAT

We are glad to receive your wishes and visual materials for your cover, so that we can make a concept model and discuss this with you. You may consider the use of colours, letter types, position, images etc. You can also make a simple example in PowerPoint or another program, so that we can reproduce it. We need to receive the visual materials separately, so that we are able to incorporate these into the design. Be aware that here you need to make an example of your cover, which we copy or enhance wherever possible.

You can find suitable visual materials at

- www.istockphoto.com
- www.vanbeekimages.com
- www.shutterstock.com

In case you find a suitable image at one of these websites, we ask you to mail us the number of the picture or the relevant link, so that we can buy you the correct format. The extra costs for this are € 35,- excluding 6% BTW, which can be found on the order confirmation and the bill.

You can mail your wishes and visual materials to studio@proefschriftmaken.nl. Subsequently, one of our designers will take care of this as soon as possible!

Summary:

- You convey your design wishes to us in writing or by means of an illustration.
- You send us the visual materials or number of the image on stocksite.
- You send us the text of the front cover, the spine, and back cover using Word.
- We combine all these into one cover with an excellent graphical and print technical quality.

We can also design your cover if you have no ideas or visual materials. You may well be interested, then, into the Cover Design Creative Package of € 175,- excluding 6% VAT.

Attention: If you have agreed upon a concept cover, our designer will contact you to discuss this concept in greater detail. In case you subsequently have another idea, and wish to have a new concept and elaboration, we charge you an additional € 50,- excluding 6% VAT.
